

Monoclonal Antibody and Fusion Protein Biosimilars Across Therapeutic Areas: A Systematic Review of Published Evidence

Ira Jacobs, Danielle Petersel, Lesley G. Shane, Chee-Keng Ng, Carol Kirchhoff, Gregory Finch, Sadiq Lula

Corresponding author: Ira Jacobs; Pfizer Essential Health, Pfizer Inc, 235 East 42nd Street, New York, NY, 10017-5755, USA. Email: ira.jacobs@pfizer.com

Supplemental Table S1. Hand-search of conference proceedings (January 1, 2012 to July 31, 2015)

Conference proceeding	Abbreviation
American Academy of Dermatology	AAD
American Association of Pharmaceutical Scientists/National Biotechnology Conference	AAPS/NBC
American College of Rheumatology	ACR
Advances in Inflammatory Bowel Disease Crohn's and Colitis	AIBD
American Society of Clinical Oncology	ASCO
American Society for Clinical Pharmacology and Therapeutics	ASCPT
California Separation Science Society	CASSS
– Analytical Technologies Europe	– AT Europe
– Bay Area Discussion Group	– BADG
– Bioassays	
– Capillary Electrophoresis in the Biotechnology and Pharmaceutical Industries	– CE Pharm
– Chemistry, Manufacturing and Controls Strategy Forum	– CMC Forum
– DC Area Scientific Discussion Group	– DCADG
– Symposium on Higher Order Structure of Protein Therapeutics	– HOS
– Practical Applications of Mass Spectrometry in the Biotechnology Industry	– Mass Spec
– Well-Characterized Biotechnology Products – Symposium on the Interface of Regulatory and Analytical Sciences for Biotechnology Health Products	– WCBP
European Academy of Dermatology and Venereology	EADV
European Crohn' and Colitis Organization	ECCO
European Congress of Immunology	ECI
European Society for Medical Oncology	ESMO
European League Against Rheumatism	EULAR
International Association for the Study of Lung Cancer	IASLC
International Congress on Spondyloarthropathies	ICS
International Society for Pharmacoeconomics and Outcomes Research	ISPOR
San Antonio Breast Cancer Symposium	SABCS
Society of Toxicology	SoT
